Care Management Software

PlanStreet's HIPAA-compliant Case management software can accelerate care management and improve patient wellbeing, while enhancing your performance.

PlanStreet offers a variety of highly customizable case management solutions for industries of all types. Our health and patient case management software is designed to be flexible, accommodating your team's unique structure and abilities.

PlanStreet 's Health and Human Services platform makes access to care more accessible, equitable, and effective for patients and providers. Health and Human Services, Community Based Services, Mental and Behavioral Health Services, Interdependent Living Services.

The community-based health services industry is unique, and our goal is to provide a tool that addresses the specific needs your team will encounter on its journey to help clients improve their lives.

What is PlanStreet's Medicaid & Medicare Billing System?

PlanStreet's cloud-based Medicaid billing system integrates billing directly into your case management workflows. No more disconnected software or redundant data entry—just real-time service documentation converted into compliant, ready-to-submit claims.

You can run Medicaid eligibility checks, apply payer-specific billing rules, manage authorization limits, and automate EDI file submissions (837, 835, 276/277)—all from a secure, centralized platform. Our embedded analytics, powered by Microsoft Fabric (formerly Power BI), provide a real-time view into every claim's journey from submission to payment.

Our Feature Rich and Case Management solution that allows you to:

Patient Self-Service Portal	Automated Scheduling and Tracking
Medicaid and Medicare Claims Process	Protected Patient Health Information
Patient Data Repos and Dashboards Protect patients	Treatment Plans that are Essential for Wellness

Internal and External Communication and Referrals

Your Care management partner! Your Team Needs the Best Case Management Software.

Your organization works hard to better the lives of your clients. Your work helps individuals overcome struggles and become the best version of themselves. Your team deserves to work in an environment with premium software that helps improve patient health outcomes.

Who We Serve

Behavioral & Mental Health Services

- Assessment, monitoring, and support for mental health conditions.
- Access to therapy, counseling, and wellness programs.

Substance Use Support & Recovery Assistance

- Guidance through recovery programs and outpatient resources.
- Personalized relapse prevention planning and ongoing follow-up.

Family & Caregiver Support

- Education and training on behavioral, developmental, and substance use challenges.
- Resources to reduce caregiver stress and improve family functioning.

Support for Older Adults and People with Disabilities

- Improve health outcomes through coordinated delivery of home and community-based services.
- Enables persons with disabilities to fully participate in life at the same level as nondisabled individuals with Community Integration.

Client Testimonials

Non-Profit Organization Management

PlanStreet is a valuable case management system. It is very customizable, which is excel lent because our grant requires more documentation than a typical case management organization

Suzanne B.
CEO

Family Services

The support from the team to help us get the system to where we need it and keep it that way; how easy it is to keep client data organized and maintain it.

Kaitlin V.
Program Director

Civic & Social Organization

Plan Street has been really easy to workwith so far. We really liked the way theybroke down user permissions comparedto the other programs we looked at.

Danielle R.
Director
